FOR THE YEAR DECEMBER 31, 2015

NOTE 1: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the Firm's significant accounting policies consistently applied in the preparation of the accompanying financial statements are as follows:

- a. Nature of Operations—Fenwick Securities, Inc. (the Firm) was formed on April 1, 1998 as a corporation in the state of Michigan. The Firm is a registered securities broker-dealer with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Firm is engaged in a single line of business as a securities broker-dealer, which comprises several classes of services, including agency transactions. Its customers are located primarily in Southwest Michigan.
- b. Financial Instruments—The Firm's financial instruments consist of cash, accounts receivable and current liabilities. The Firm's estimates of fair value for financial instruments approximate their carrying amounts.
- c. Use of Estimates—The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Firm's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.
- d. Commissions—The Firm Commissions and related clearing expenses are recorded on a trade date basis as securities transactions occur.
- e. Cash Equivalents—For purposes of the statements of cash flows, cash is defined as cash in checking, savings, and money market accounts.
- f. Income Taxes—The Firm has adopted ASC Topic 740-10, *Accounting for Uncertainty in Income Taxes*, which prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must more more-likely-than-not to be sustained upon examination by taxing authorities. For the year ended December 31, 2015 the Firm had no material uncertain tax positions to be accounted for in the financial statements under these rules.

Management believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE 2: CONCENTRATION OF CREDIT RISK

The Firm is engaged in various brokerage activities whose counterparties primarily include mutual fund companies, insurance companies, and other financial institutions. In the event counterparties do not fulfill their obligations, the Firm may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Firm's policy to review, as necessary, the credit standing of each counterparty with which it conducts business.

The Firm sells its products to various customers located near its principal office, primarily within the Southwest portion of Michigan.

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL UNDER SEC RULE 17A-5(g)(1)

The Board of Directors  
Fenwick Securities, Inc.  
Kalamazoo, Michigan

In planning and performing our audit of the financial statements of Fenwick Securities, Inc. as of and for the year ended December 31, 2015, in accordance with auditing standards generally accepted in the United States of America, we considered Fenwick Securities, Inc.'s internal control over financial reporting (internal control) as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Fenwick Securities, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Fenwick Securities, Inc.'s internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by Fenwick Securities, Inc. including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the provisions of Rule 15c3-3. Because Fenwick Securities, Inc. does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of Fenwick Securities, Inc. is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

(CONTINUED)

(CONTINUEO)

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that Fenwick Securities, Inc.'s practices and procedures, as described in the second paragraph of this report, were adequate as of the date of this report, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

- Compared the listed assessment payments in Form SIPC-7T with respective cash disbursement records entries, noting no differences;
- Compared the Total Revenue amounts of the audited Form X-17A-5 for the year ended December 31, 2015 less revenues reported on the FOCUS reports for the period from January 1, 2015 to March 31, 2015, as applicable, with the amounts reported in Form SIPC-7T for the period from April 1, 2015 to December 31, 2015 noting no material differences;

- Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7T and in the related schedules and working papers supporting the adjustments noting the difference was the accrual adjustment of receivables; and
- Compared the amount of any overpayment applied to the current assessment with the Form SIPC-7T on which it was originally computed noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

THE BOARD OF DIRECTORS  
**FENWICK SECURITIES, INC.**  
KALAMAZOO, MICHIGAN

We have reviewed management's statements, included in the accompanying Exemption Report of Brokers and Dealers, in which Fenwick Securities, Inc. (the Firm) identified the following provisions of 17 C.F.R. § 15c3-3(k) under which the Firm claimed an exemption from 17 C.F.R. § 240.15c3-3: **(1)-limited business**, and the Firm stated that the Firm met the identified exemption provisions throughout the most recent fiscal year without exception. The Firm's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and accordingly included inquiries and other required procedures to obtain evidence about the Firm's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph **(k) 1-limited business** of Rule 15c3-3 under the Securities Exchange Act of 1934.

Sincerely,
